

Why sponsor?

Sponsoring WAYS directly benefits you and your community. As a cost effective alternative to traditional advertising, sponsorship also generates awareness and goodwill. Your sponsorship also helps ensure soccer remains affordable for all players.

Established in 1997, Waukegan Association for Youth Soccer (W.A.Y.S.) is a non-profit organization managed by dedicated volunteers who tirelessly provide their assistance and time throughout the year. Over the years WAYS has grown to be one of the largest soccer organizations in the northern Lake County area, with well over 1300 registered players aged 5 to 17 years old. The support of local businesses and the community has been a vital factor in the club's success and continued support ensures our sport also remains affordable for all players and their families.

Our Commitment to our Sponsors

- Ensure our sponsors are well marketed to our players, members and all 15,000 people that attend weekly matches.
- Increase sponsor profile by marketing your products and services to members and the community through internet and social media.

We've teamed with Graphic Alliance Inc. to produce all our in-stadium advertising. Graphic Alliance are local experts in printing and signage, and can assist with designing your ads. Contact Graphic Alliance for all your printing needs:
